

QUIZBOWL

JUNIOR QUIZBOWL

PQA Plus®

1. Explain the term “Withdrawal Period” as it applies to Pork Quality Assurance® Plus (PQA Plus®).

A. The time that must pass between an antibiotic treatment (in feed, water, or injected), or vaccination and slaughter so that the antibiotic has cleared the pig’s system.
2. The National Pork Board offers the PQA program to raise quality and safety standards for pork. What does PQA stand for?

A. Pork Quality Assurance
3. True or **False**. Drafts are a desirable component of wintertime ventilation, especially for baby pigs.
4. Which fan would move more air? A 36-inch fan or a 48-inch fan if both were turning at the same rpm?

A. The 48-inch fan.
5. National Pork Board Headquarters is located in which state?

A. Iowa
6. **True** or False. Tunnel ventilation moves air down the length of a barn and serves to increase air speed and animal comfort in warm weather.
7. Check-off dollars can legally be used for research, education, and _____?

A. Promotion
 B. Lobbying
 C. Licensing
 D. Youth Scholarships
